Career Objective

Final-year Computer Science and Engineering student majoring in Software Engineering at East West University, with hands-on experience in web development and UI/UX design through academic, personal and team projects. Skilled in HTML, CSS, JavaScript, Java and Figma, with experience in UX research, wireframing, prototyping and responsive interface design. Seeking an internship opportunity to contribute to user-focused web applications and digital products while developing practical industry experience.

Skills

Technical Skills: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, Java, C, C++
UI/UX Skills: UX Research, User Personas, User Journey Mapping, Competitive Analysis, User Flows, Empathy Mapping, Information Architecture, Wireframing, Prototyping, Design Systems
Core Skills: Teamwork, Communication, Problem Solving, Creative Thinking, Event Coordination, Time Management
Tools: Figma, FigJam, Figma Make, Canva, Microsoft Office, AutoCAD
Languages: Bangla (Native), English (Proficient)

Projects

PortfolioBanao | HTML, CSS, JavaScript, Node.js, Express.js, MongoDB | Project Link 2026
Developed a full-stack web application that allows users to create, edit, preview and share personal portfolios using multiple responsive templates. Implemented JWT-based authentication, CRUD operations, protected user data, public portfolio sharing and MongoDB database integration; deployed the frontend and backend using Vercel and Render.

ResumeXi - AI Resume Builder | Figma | Project Link 2026
Designed onboarding, login, sign-up and dashboard screens in Figma, following a wireframe-to-high-fidelity-to-interactive-prototype workflow to create a clear and intuitive user experience.

MediLink - Digital Health Card Mobile App | Project Link 2026
Conducted user interviews and developed personas, empathy maps, user journeys, Kano Model and MoSCoW analysis for a QR-based digital healthcare solution designed to simplify access to secure digital health records.

OneCitizen - Digital Government Service Platform | Project Link 2026
Conducted user interviews and competitive analysis to identify citizen pain points; contributed to user research, key learnings, moodboards and supporting design deliverables for a platform aimed at simplifying access to government services.

CareShelf - Community Item Sharing Website | HTML, CSS 2025
Developed a community-based web platform where users can sign up, log in, post items they no longer need, browse available items and send requests to receive posted items.

Basic Library Management System | Java, NetBeans 2023
Developed a Java-based library management system with separate admin and student modules for managing library records.

Experience

Head of Sub-Executives & Volunteers, EWU English Conversation Club 2022 - 2025
Organized sessions, workshops and events; coordinated tasks among sub-executives and volunteers.

Campus Crew, Banglay IELTS 2025
Supported campus activities, promotion, communication and social media campaigns.

Campus Ambassador & Sub-Executive, AHOBAN 2020 - 2023
Coordinated event activities and promotional campaigns while collaborating with members and volunteers.

Education
